Thays Moia Ribeiro

To whom it may concern,

I would like to express my interest in this job and I am writing this presentation letter for the position offered which I saw advertised in LinkedIn for Software Developer. As you will see, I have been a Technical Systems Developer(Since 2020) for 2 year and 10 months, experiencing new languages and tools to create and implement software applications. I am looking to bring my strong professional and technical skills to the Programmer open in this job opportunity.

I have experience in different areas, that bring me a lot of abilities make me enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to my career and the success of your organization.

My skills with code is:
- **Web development** using HTML, CSS, JavaScript, Python, Node, Java, Express, PHP, C, Handlebars, GitHub, Visual Studio Code, Flask, Docker, MySQL, SQL Server, Prisma, SQLAlchemy, MySQL, Codespace.
- **Design of interactive and mobiles apps** with Android Studio in agile development.

I would greatly appreciate the opportunity to meet with you and will discuss my qualifications and your requirements in detail.

Sincerely,

_____
